香港的金融服務業
The Financial Services Sector in Hong Kong

香港的金融服務業

The Financial Services Sector in Hong Kong

香港是全球最活躍的國際金融中心之一。金融服務業佔本地生產總值的比例由 2004 年的 13% 上升至 2018 年的約 20%。本文闡述金融服務業內選定行業於 2016 年至 2018 年期間的營運特色及業務表現。此外，文章亦簡述業內選定行業在 2019 年的按季整體業務表現。

Hong Kong is one of the most vibrant international financial centres in the world. The contribution of the financial services sector to Hong Kong's Gross Domestic Product increased from 13% in 2004 to around 20% in 2018. This article presents the operating characteristics and business performance of selected industries in the sector between 2016 and 2018. It also briefly highlights the overall quarterly business performance of selected industries in the sector in 2019.

香港的金融服務業

The Financial Services Sector in Hong Kong

1. 引言

1.1 香港是全球最活躍的國際金融中心之一。金融服務業在本地經濟擔當重要的角色。這行業佔本地生產總值的比例由 2004 年的 13% 顯著上升至 2007 年的 20%。在 2008 年金融海嘯爆發後，這比例下跌至 17%，之後在 2009 年至 2016 年期間徘徊在 16% 至 18% 的水平，並隨後逐漸回升至 2018 年的接近 20%。（圖 1）

1.2 本文闡述金融服務業內選定行業¹於 2016 年至 2018 年期間的營運特色及業務表現²。此外，文章亦簡述根據業務收益指數³所反映的金融服務業內選定行業在 2019 年的按季整體業務表現。

1. Introduction

1.1 Hong Kong is one of the most vibrant international financial centres in the world. The financial services sector has been playing an important role in the local economy. Its contribution to the Gross Domestic Product (GDP) increased remarkably from 13% in 2004 to 20% in 2007. Following the onset of the financial tsunami in 2008, its contribution dropped to 17%. The contribution hovered at 16% to 18% between 2009 and 2016 and then gradually increased to nearly 20% in 2018. (Chart 1)

1.2 This article presents the operating characteristics and business performance of selected industries¹ in the sector between 2016 and 2018². It also briefly highlights the overall quarterly business performance of selected industries in the sector in 2019 as reflected by the business receipts indices³.

1 載於本文內的金融服務業內選定行業的分類是根據「香港標準行業分類 2.0 版」。

2 金融服務業的營運特色及業務表現的按年統計數字是根據「經濟活動按年統計調查」所搜集的數據編製而成。由於提供所需數據的機構單位在統計年完結後一般需要一定的時間整理帳目，因此 2019 年的統計數字只會在 2020 年後期才予以公布。

3 政府統計處編製主要服務行業（包括金融服務業內的選定行業）的按季業務收益指數，以量度其短期的經濟表現。編製該等指數所需資料來自「服務行業按季統計調查」，並輔以香港金融管理局所提供的有關數據。

1 The classification of selected industries in the financial services sector presented in this article follows the Hong Kong Standard Industrial Classification Version 2.0.

2 Annual statistics on the operating characteristics and business performance of the financial services sector are compiled based on data collected through the Annual Survey of Economic Activities. As establishments providing the required data generally need quite some time to prepare their accounts after the end of the survey reference year, statistics for 2019 will not be released until late 2020.

3 The Census and Statistics Department compiles quarterly business receipts indices for major services sectors (including selected industries in the financial services sector) with a view to gauging their short-term economic performance. Data for compiling such indices are based on the Quarterly Survey of Service Industries, supplemented by relevant data provided by the Hong Kong Monetary Authority.

2. 金融服務業概況

2.1 金融服務業由銀行業、保險業及其他金融服務業組成。在 2018 年，金融服務業共僱用 263 000 人，約佔香港總就業人數的 7%。其增加價值達 5,328 億元，約佔以基本價格計算的名義本地生產總值的 20%。在 2016 年至 2018 年期間，這行業的就業人數及增加價值分別上升 4% 及 24%。（圖 1 及表 1）

2.2 金融服務業是一個高增值的行業。在 2018 年，每名金融服務業從業員平均帶來約 203 萬元的增加價值，遠較香港其他三個主要行業，即貿易及物流業（79 萬元）、專業及其他工商業支援服務業（59 萬元），以及旅遊業（47 萬元）的相應數字為高。

2.3 在金融服務業中，銀行業一直擔當關鍵的角色。在 2018 年，銀行業的就業人數及增加價值分別佔整個金融服務業的 40% 及 66%。

3. 銀行業

3.1 香港實施銀行三級制，即持牌銀行、有限牌照銀行及接受存款公司。這三類機構在《銀行業條例》（第 155 章）下合稱為認可機構。

3.2 除上述可在香港經營存款業務的認可機構外，外地銀行亦可在香港設立本地代表辦事處。然而，本地代表辦事處不可在香港從事任何銀行業務，其主要職責只限於進行境外銀行與香港客戶之間的聯繫工作。

2. Overview of the financial services sector

2.1 The financial services sector consists of the banking industry, insurance industry and other financial services industries. In 2018, the financial services sector employed 263 000 persons, or around 7% of total employment in Hong Kong. Value added of the sector amounted to \$532.8 billion, or around 20% of nominal GDP at basic prices. Between 2016 and 2018, employment and value added of this sector increased by 4% and 24% respectively.

(Chart 1 and Table 1)

2.2 The financial services sector is a high value added sector. The average value added brought about by each person engaged in the sector amounted to some \$2.03 million in 2018. This was much higher than the corresponding figures for the other three key industries in Hong Kong, viz. trading and logistics (\$0.79 million), professional and other producer services (\$0.59 million), and tourism (\$0.47 million).

2.3 Within the financial services sector, the banking industry has been playing a pivotal role. In 2018, it accounted for 40% and 66% respectively of the total employment and value added in respect of the entire financial services sector.

3. The banking industry

3.1 Hong Kong maintains a three-tier banking system, viz. licensed banks, restricted licence banks and deposit-taking companies. They are collectively known as authorised institutions (AIs) under the Banking Ordinance (Cap. 155).

3.2 Apart from AIs which are allowed to accept deposits in Hong Kong, foreign banks may establish local representative offices (LROs) in Hong Kong. However, LROs are not allowed to engage in any banking business in Hong Kong and their role is confined mainly to liaison work between the external banks and their customers in Hong Kong.

3.3 在 2018 年，包括認可機構及本地代表辦事處的銀行業共僱用 104 100 人，約佔香港總就業人數的 3%。其增加價值達 3,534 億元，佔以基本價格計算的名義本地生產總值的 13%。在 2016 年至 2018 年期間，這個行業的就業人數及增加價值分別上升 2% 及 31%。（表 1）

3.4 在 2018 年，銀行業的僱員薪酬支出及營運開支分別達 978 億元及 1,184 億元，相對這行業的業務收益及其他收入的比率分別為 21% 和 25%。僱員薪酬佔整個行業的總營運開支（即僱員薪酬加上營運開支）達 45%。（表 2）

3.5 銀行業的業務收益及其他收入由 2016 年的 3,776 億元上升至 2018 年的 4,721 億元。在三類認可機構中，持牌銀行所佔的比重最大，超過銀行業總業務收益及其他收入的 9 成。（表 2）

3.6 銀行業的特色是其業務高度集中。按業務收益及其他收入計算，首 20 間認可機構的業務收益及其他收入在 2018 年佔整個行業總數的 75%。

3.7 銀行業的淨利息收益在 2018 年為 2,467 億元，佔這行業的業務收益及其他收入的 52%。

3.8 另一方面，銀行業的非利息收益在 2018 年為 2,254 億元。當中，銀行服務的佣金及手續費佔 68%。

2019 年的表現

3.9 銀行業的按季業務收益指數顯示這行業的業務收益在 2019 年 4 季均錄得不同程度的按年升幅。（圖 2 及表 5）

3.3 The banking industry, comprising AIs and LROs, employed 104 100 persons in 2018, or around 3% of total employment in Hong Kong. Value added of the industry amounted to \$353.4 billion, or 13% of nominal GDP at basic prices. Between 2016 and 2018, employment and value added of this industry increased by 2% and 31% respectively. (Table 1)

3.4 In 2018, expenses on compensation of employees and operating expenses of the banking industry amounted to \$97.8 billion and \$118.4 billion respectively, and their ratios to business receipts and other income of this industry were 21% and 25% respectively. Compensation of employees accounted for 45% of the total operating expenses (i.e. compensation of employees plus operating expenses) of the entire industry. (Table 2)

3.5 Business receipts and other income of the banking industry increased from \$377.6 billion in 2016 to \$472.1 billion in 2018. Among the three types of AIs, licensed banks had the largest share, accounting for over 90% of the total business receipts and other income of the banking industry. (Table 2)

3.6 The banking industry is characterised by high level of business concentration. The top 20 AIs in terms of business receipts and other income accounted for 75% of the total business receipts and other income of the entire industry in 2018.

3.7 Net interest receipts of the banking industry amounted to \$246.7 billion in 2018. The share of net interest receipts in business receipts and other income of this industry was 52%.

3.8 On the other hand, non-interest receipts of the banking industry amounted to \$225.4 billion in 2018, of which commissions and fees for banking services accounted for 68%.

Performance in 2019

3.9 As indicated by the quarterly business receipts index of the banking industry, business receipts of this industry recorded year-on-year increases of different magnitudes in all 4 quarters of 2019. (Chart 2 and Table 5)

4. 保險業

4.1 保險業包括下列組別：

- (i) 人壽保險承保人；
- (ii) 非人壽保險承保人；以及
- (iii) 保險及退休基金輔助活動。

4.2 在 2018 年，保險業共僱用 67 800 人，約佔香港總就業人數的 2%。其增加價值達 963 億元，約佔以基本價格計算的名義本地生產總值的 4%。在 2016 年至 2018 年期間，這行業的就業人數及增加價值分別上升 9% 及 8%。（表 1）

4.3 保險業的業務收益及其他收入由 2016 年的 5,131 億元上升至 2018 年的 5,595 億元。（表 3）

4.4 在 2018 年，人壽保險承保人及非人壽保險承保人分別佔整個保險業的業務收益及其他收入的 89% 及 8%，保險及退休基金輔助活動則佔其餘的 2%。（表 3）

4.5 在 2018 年，保險業的僱員薪酬支出及營運開支分別達 519 億元及 221 億元。值得注意的是僱員薪酬佔整個行業的總營運開支（即僱員薪酬加上營運開支）約 70%。（表 3）

4.6 在 2018 年，按業務收益及其他收入計算，首 20 間保險業機構的業務收益及其他收入佔整個行業總數的 87%，反映了這個行業業務高度集中的情況。

4. The insurance industry

4.1 The insurance industry comprises the following groups :

- (i) life insurance underwriting;
- (ii) non-life insurance underwriting; and
- (iii) activities auxiliary to insurance and pension funding.

4.2 In 2018, the insurance industry employed 67 800 persons, or around 2% of the total employment in Hong Kong. Value added of the industry amounted to \$96.3 billion, or around 4% of nominal GDP at basic prices. Between 2016 and 2018, employment and value added of this industry increased by 9% and 8% respectively. (Table 1)

4.3 Business receipts and other income of the insurance industry increased from \$513.1 billion in 2016 to \$559.5 billion in 2018. (Table 3)

4.4 In 2018, life insurance underwriting and non-life insurance underwriting accounted for 89% and 8% respectively of business receipts and other income of the entire insurance industry, while activities auxiliary to insurance and pension funding accounted for the remaining 2%. (Table 3)

4.5 In 2018, expenses on compensation of employees and operating expenses of the insurance industry amounted to \$51.9 billion and \$22.1 billion respectively. It is noteworthy that compensation of employees accounted for about 70% of the total operating expenses (i.e. compensation of employees plus operating expenses) of the entire industry. (Table 3)

4.6 In 2018, the top 20 insurance establishments in terms of business receipts and other income accounted for 87% of the total business receipts and other income of the entire insurance industry, reflecting the high business concentration of this industry.

2019 年的表現

4.7 從保險業的按季業務收益指數可見，這行業的業務收益在 2019 年的首三季均錄得不同程度的按年升幅，2019 年第四季則較 2018 年同期下跌約 3%。（圖 2 及表 5）

5. 其他金融服務業

5.1 「其他金融服務業」包括下列三個按所提供服務的性質劃分的組別：

- (i) 投資及控股公司；和信託、基金及相關金融工具；
- (ii) 融資租賃及信貸機構；以及
- (iii) 不涉及借貸的金融服務活動、金融服務輔助活動及基金管理。

5.2 在 2018 年，這三個組別共僱用 91 100 人，約佔香港總就業人數的 2%。其增加價值達 830 億元，約佔以基本價格計算的名義本地生產總值的 3%。在 2016 年至 2018 年期間，「其他金融服務業」的就業人數及增加價值分別上升 3% 及 18%。（表 1）

投資及控股公司；和信託、基金及相關金融工具

5.3 在 2018 年，這組別的業務收益及其他收入較 2017 年下跌 11%。在 2018 年，這組別繼續佔整個「其他金融服務業」的業務收益及其他收入的最大比例，約佔 64%。與「其他金融服務業」的其他組別比較，這組別的一個特色是其大部分的業務收益及其他收入來自股息。（表 4）

Performance in 2019

4.7 As reflected by the quarterly business receipts index of the insurance industry, business receipts of this industry registered year-on-year increases of different magnitudes in the first three quarters of 2019. When comparing with the same period in 2018, a decrease of around 3% was recorded in the fourth quarter of 2019. (Chart 2 and Table 5)

5. Other financial services industries

5.1 “Other financial services industries” cover the following three groups according to the nature of services rendered :

- (i) investment and holding companies; and trusts, funds and similar financial entities;
- (ii) financial leasing and credit granting; and
- (iii) financial service activities without loan making, activities auxiliary to financial service activities and fund management.

5.2 In 2018, these three groups together employed 91 100 persons, or around 2% of total employment in Hong Kong. Their value added amounted to \$83.0 billion, or around 3% of nominal GDP at basic prices. Between 2016 and 2018, employment and value added of “other financial services industries” increased by 3% and 18% respectively. (Table 1)

Investment and holding companies; and trusts, funds and similar financial entities

5.3 Business receipts and other income of this group decreased by 11% in 2018 when compared with 2017. This group continued to account for the largest proportion of business receipts and other income of the “other financial services industries” in 2018, at around 64%. As compared with other groups in the “other financial services industries”, one distinct feature of this group was that most of its business receipts and other income came from dividends. (Table 4)

5.4 在 2018 年，這組別的僱員薪酬支出及營運開支分別達 291 億元及 449 億元，相對這組別的業務收益及其他收入的比率分別為 7% 及 11%，遠較整個「其他金融服務業」的相應比率 16% 及 23% 為低。（表 4）

融資租賃及信貸機構

5.5 這組別的業務收益及其他收入大部分來自利息收入。這組別的業務收益及其他收入由 2016 年的 143 億元上升 14% 至 2018 年的 164 億元。（表 4）

不涉及借貸的金融服務活動、金融服務輔助活動及基金管理

5.6 這組別主要包括證券公司、投資銀行及基金管理公司，而其業務收益及其他收入大部分來自買賣證券及其他金融產品的佣金和基金管理費。在 2016 年，這組別的業務收益及其他收入按年下跌 2%，而在 2017 年及 2018 年則分別錄得按年上升 12% 及 9%。（表 4）

5.7 在這組別當中，資產管理公司在 2016 年的業務收益及其他收入按年下跌 2%，有關金額在 2017 年及 2018 年則分別錄得按年上升 12% 及 2%。（表 4）

2019 年的表現

5.8 從金融業（銀行業除外）的按季業務收益指數可見，這行業（相當於「其他金融服務業」但不包括投資及控股公司）的業務收益在 2019 年反覆不定，在第 2 季和第 4 季錄得按年升幅，而在第 1 季和第 3 季則錄得按年下跌。（圖 2 及表 5）

5.4 In 2018, expenses on compensation of employees and operating expenses of this group amounted to \$29.1 billion and \$44.9 billion respectively, and their ratios to business receipts and other income of this group were 7% and 11% respectively, much lower than the corresponding ratios of 16% and 23% for the “other financial services industries” as a whole. (Table 4)

Financial leasing and credit granting

5.5 Most of the business receipts and other income of this group were interest income. Business receipts and other income of this group increased by 14% from \$14.3 billion in 2016 to \$16.4 billion in 2018. (Table 4)

Financial service activities without loan making, activities auxiliary to financial service activities and fund management

5.6 This group mainly comprises stock and share companies, investment banks and fund management companies. Most of the business receipts and other income of this group came from commissions for trading securities and other financial products as well as fund management fees. Business receipts and other income of this group recorded year-on-year decrease of 2% in 2016, while year-on-year increases of 12% and 9% were recorded in 2017 and 2018 respectively. (Table 4)

5.7 Within this group, companies engaged in the asset management industry recorded year-on-year decrease of 2% in business receipts and other income in 2016. The amount then recorded year-on-year increases of 12% and 2% in 2017 and 2018 respectively. (Table 4)

Performance in 2019

5.8 As reflected by the quarterly business receipts index of the financing (except banking) industry, business receipts of this industry (corresponding to “other financial services industries” but excluding investment and holding companies) remained choppy in 2019, with year-on-year increases recorded in the second and fourth quarters, while year-on-year decreases in the first and third quarters. (Chart 2 and Table 5)
